Miracles of the Past

For twenty years I had a deep compassion for those who have lost all hope. In the past I was able to help a brother here in the Fort Worth area on Saturdays feed between 60 and 120 people. We would set up every week rain or shine feeding a full meal, and every week I would watch as God worked miracles. Now I would like to share just one of these earlier stories.

Duane was getting ready on Friday picking up donations of pastries and bread, but on this day when he arrived at the store to pick up the day olds there was only one cake. As he thanked the people he walked back to the truck and placed the cake in one of the large empty totes. Sitting in the front seat of his truck he felt frustrated as he spoke to the Lord.

“Why father wouldn’t you provide for these people. You always have; I just don’t get it.” By this time Duane was ready to throw the cake away, it just wasn’t enough.

A few minutes had gone by behind the store as he sat there feeling slightly abandoned when a knock on his trucks window startled him Rolling down the window a man asked him, “are you the homeless guy who collects food.” Replying yes, the man smiled, “I have some bread in my truck for you then.”

Normally on these Fridays he would collect two totes of pastries and bread. As Duean filled both totes the man said he had more bread. Duean then filled the inside of his truck including the cab extension full of bread, then filled the rest of the outside bed until it couldn’t hold any more loafs. But this isn’t the end of the story.

Looking over all the surplus bread he thought of taking some to the teen challenge center. As he arrived and knocked on the back door of the kitchen area, a woman answered.

“Could you use bread.” Looking at him up and down, she replied.

“It’s about time, I have one loaf of bread left to feed all these kids and do you know what time it is. I told the Lord our situation and you’re asking if I need bread.” After filling up her bread rack, they had taken all they needed. Looking back at the truck there was still a load of bread. Duean drove to other homeless ministries supplying them with bread as well, once finished we had more than enough to feed all those who we cared for in this little privately owned park on that Saturday.

People say they never see miracles, but I am here to testify that I have seen countless miracles. God cares for these thirsty and hungry lost sheep. He is a compassionate God who cares for the least of these. This story is true and took place in 2006 in the Fort Worth area where there are hundreds and hundreds of lonely and lost ones in the flock who do not even have water to quench their thirst at times.

The father has given us a command himself. “For the poor will never cease from the land; Therefore, I command you saying, ‘You shall open your hand wide to your poor and needy in your land.’”

Just Weeks Ago

“C” is a woman who lives about a half mile off the main road down in a wooded gully. She is 56 years old and has been homeless for 9 years. She is just one of the many women and men God has given me to go to bringing them water and food every week. On this day I was planning on going to other encampments, but the father was guiding me towards her camp. As I started to stop along the way handing out water, electrolyte and food I reached her campsite along with two others. I walked in letting the three of the campers know I was at the entrance of the heavily wooded path.

A short time later ‘C’ came out with an unsteady walk, shaking, and a dazed look in her eyes. Realizing something was wrong, I checked her forehead, it was clammy and cold. I took her to my car and sat her down turning on the air conditioner. I fixed her a bottle of water dumping a package of electrolytes into it. After an hour and two bottles of water with the electrolytes she was coherent once more.

During our conversation I asked when it was, she had something to drink. She told me it had been 2 or 3 days. Her condition when I arrived was direr to where I thought I might have to run her to an emergency. If I had waited two more days as planned to go to her camp, I might have found her dead.

Two 10 cent bottles of water and electrolytes saved ‘C’ life that day. How easy is it for you or I to take a drink of water whenever we need, how many bottles of day do you drink. Out in the heat thousands die every year, the homeless are the most vulnerable. I have been told by the ones I serve that I am the only one who comes out every week to bring life-saving water and food and to check on them and yet I am in a county of hundreds of thousands.

I have a commitment TO LEAVE NO ONE BEHIND. Your financial help can go a long way, please consider being a monthly donor to help save the life of the underprivilege.

Fourth of July Community Meal

Out here at the ministry center we gather those together every year who have no place to go for fellowship and food. Pastor Nolan and his wife Rachel for years have provided an open invitation for anyone to come and join them on the ministry center for the fourth of July to share in food and fellowship. This year some of those who are unsheltered joined in with everyone and had a great time. Veteran John sat with his guest as they broke bread together and all shared how this was such a warm blessing to be excepted as they were. Sometimes it’s just the relief from the heat along with lots of good food that refreshes the love of God in someone’s soul. This openness here at the ministry center has helped restore thousands of lives through the pastor and his wife’s love for people over many years since they received the call to help so many.

As for myself I find that partnering with such people in distributing this kind of love has such a healing effect that lives have been restored. In the future I shall share more about people like the Yancy’s that I am sure you will come to see as God’s vessels of hope that works through them.

Unhoused Outreach Retreat

On May 18th we had an incredible experience where we hosted our first unsheltered day retreat for single women and married couples in Burleson, Texas. We had some resilient and amazing people from the streets attend. This marks the beginning of what we hope will be more of many to come in the future.

Thanks to one generous sponsor, delicious food was served. Our activities surrounded the Messiah, and the love was felt by many. We were excited to have Rachel Yancy share her inspiring testimony. After 22 years of battling drug addiction, she found liberation through the Messiah nearly 18 years ago. Her journey through jail has helped transform her life to become a beacon of hope, impacting thousands as she helps others to rebuild their lives.

How Can You Help

First and foremost, water, electrolytes, food and financial donations. No one with Veteran John Outreach receives compensation or a paycheck. However, repairs to the one vehicle to keep up deliveries and repairs and insurance and fuel for a 2002 pickup truck are vital. Many, including myself, reach into our own pockets often, though we don't regret this; the outreach has grown and so has the needs. **Please pray earnestly about becoming a support of this work.**

We have a financial goal to meet several needs of \$12,000.00 and you can help. \$1,300.00 of this need has already been meant, leaving \$10,700.00 to help with the needs for certain supplies through the start of the winter months of October.

Over 30% of the homeless we serve are women who have special needs. Please look at some of these expenses, and if God leads you to be a part of fulfilling these needs than we thank you with a grateful heart.

2002 Donated pickup for transporting donated food. \$900.00 Less \$400.00 leaving a balance \$500.00
2014 Kia – New Tires \$713.00 plus front-end suspension work estimated at \$300.00 a total of \$1013.00
Food, water, supplies and other miscellaneous costs are \$10,700.00 yet to be meant.

If you belong to a women's group, a men's group, a Bible Study group or any other organization you could consider adopting a project for providing items, food, or financial support.

Please call or text Veteran John at 682-760-9703.

Recognizing Some Of Our Contributors With A Grateful Heart

Please consider joining these others with your generous donations:

Men's Bible Study Group of Midlothian; Haven of Rest Ministries of Burleson; Meadowridge Church; Sukkat Shalom Congregational Fellowship; Rite-Way Roofing, Mooring, Construction + Restoration; Texas Health And Therapy Center – Fort Worth.

Plus, the countless individuals who have donated through their time, finances and food donations.
